OSBORNE SAMUEL

MODERN AND CONTEMPORARY ART

Edited by Ann Garrould
Hardback

The fifth volume, covering the period 1977-81, includes more than 1160 drawings. His volume sees the publication of much newly discovered material and takes in the latest research on the subject.

Drawings from this period include ideas for sculpture, hands, trees, studies based on reproductions of artist's works in art books, and animals – in particular a notebook depicting elephants, bison, rhinoceros and dromedaries.

Please note that all 7 volumes are available to buy priced
