Provenance

Collection of the artist. Collection of Ann H. Zwinger.

By descent, Ann H. Zwinger Trust.

Moore executed a group of Helmet Heads in lead in 1950. The present sculpture was sold by Moore to Ann Zwinger in 1952. A label on the base of the sculpture connected the work to the British Council touring exhibition to Scandinavia in 1952 where it was exhibited alongside another subsequently destroyed Helmet Head. It is listed in the exhibition catalogue and a photograph of the installation has been discovered.
